COOKE LEADER IN COMMISSION RACE SATURDAY

Evans Manring and Giles Also Place—Unusual Interest Shown in Primary Election Race

FORMER POSTMASTER 258 ABOVE NEAREST OPPONENT

Charles E. Cooke, former postmaster of Middlesboro, carried off the honors in the primary race for city commissioner Saturday, his plurality over his nearest competitor being 258. J. W. Allison and F. P. Scales, who received the smallest number of votes will be eliminated from the race in the general election. Those who will be in the race are Mr. Cooke, Judge J. E. Evans, Judge J. L. Manring, and H. R. Giles.

	City Hall	So. Side	Opp. Hse.	W. End	Tot
Allison	37	137	197	93	431
Cooke	188	320	301	298	1107
Giles	156	208	181	207	752
Manring	227	266	304	117	854
Evans	226	201	215	127	869
Scales	19	19	37	8	83

"It was the most gratifying event of my life," said Mr. Cooke, in commenting on the primary victory. "Please express to the people of Middlesboro my deepest appreciation of their liberal support."

The candidate further stated that he would make an independent race, that he would either win or lose on his merits. He is not running with any other candidate, he stated.

His victory in the primary is remarkable in that he did absolutely no advertising either by cards or newspapers. "Every vote I received was unsolicited," he stated.

Judge J. E. Evans who came off second best in the primary was also gratified at his success. He is grateful for the support received and confident of victory in the November race.

Judge Manring who has been in ill health due to a fall a few weeks ago made no campaign for office. He stated this morning that he was making the race at the request of numerous friends and that he had made no efforts to obtain votes.

H. R. Giles is well pleased over the results of the primary and thanks his supporters. November 6, general election day, will also be his birthday and he says he is expecting a birthday present in the form of a commissioners job from his friends. He was born 43 years ago in Harlan county on general election day.

In commenting on his defeat in the primary, J. W. Allison said: "I highly appreciate the 434 votes cast for me in the primary for I know from what source they came. I thank them for supporting the platform on which I made the race, and though defeated, I will not sacrifice principles for votes. I advocate today (as I did before the primary, a business and moral uplift in our city. I will vote for either candidate who has courage enough to come out openly before the people and pledge himself for such needful improvement."

All of the candidates stated that so far as they knew, the primary had been conducted with absolute fairness. None of them made any complaints regarding the manner in which it had been conducted.

Rumors are current to the effect that a man circulated a report in the Junction district Saturday that there would be no primary and that, as a result of this, very few of the voters there appeared at the polls. The rumor has not been entirely confirmed, though a noticeably light vote was cast by the Junction residents.

LLOYD GEORGES TO INDIANAPOLIS

War Premier and Family Spend Quiet Week End in Louisville

Associated Press

LOUISVILLE, Oct. 22.—David Lloyd George, former British Premier, Dame Margaret Lloyd George and their daughter, Miss Megan, left Louisville today for Indianapolis after a quiet week-end spent there as guests of Judge Robert W. Bingham, publisher of the Courier-Journal and Louisville Times.

CHAS. E. COOKE

HEALTH WEEK OPENS SUNDAY

State Health Board Proclaims Week to Combat Preventable Disease

LOUISVILLE, Ky., Oct. 22.—Kentucky's first week will open Sunday, in the majority of the towns in the State with special sermons on health and the next day with health lessons in the schools. In proclaiming Health Week, Dr. A. T. McCormack, secretary of the State Board of Health points out that preventable diseases cause 60 per cent of the deaths in the State and are largely responsible for every infant death.

In collaboration with Dr. Irvin Lindenberger, Health Officer of Jefferson County, cards have been compiled for use in the school rooms showing the symptoms, causes and effect of a number of diseases to which children fall victims.

"Health means wealth; freedom from doctors' bills; a sound body capable of carrying an active mind to fulfillment of ambition; no reduction in the pay check due to time lost by illness and happiness" said Dr. McCormack. "Sickness means poverty; poverty or strength that is an almost insurmountable barrier to ambition; loss of working time; an inefficient worker; the burden of doctors' bills and a disrupted mental attitude that destroys happiness and makes life a burden to oneself and those about them."

"The school room is where Health Week will accomplish the greatest good. There the child mind will be receptive to the teaching of sanitation and health and a strong child generally means a strong man or woman and a prosperous future."

OFFER PRIZES TO M. H. S. STUDENTS

Kiwanis Club, Barnes Class and Local Banks Will Award Proficient Pupils

As an incentive to more efficient work in the high school and junior high school, a number of prizes are being offered pupils by local institutions. The prizes will be awarded annually.

The Kiwanis Club will award three prizes, amounting to $30, to winners in the junior and senior high school classes in oratory. The first prize will be a $25 gold watch, the second a $15 medal and third a $10 medal. The oratorial contest will take place in May and will be a public event. Judges will be out of town residents.

The Barnes class of the First Baptist church will give a $15 prize to the and a similar one to the girl of the eighth grade who makes the best marks in history, the competitive examination to decide the winner to be held at the close of school. The judges will not be connected with the school.

The Citizens and the National Banks will award a $10 fountain pen to a pupil in the seventh and in the eighth grades for superior work in penmanship. They awarded these prizes last year and will continue the practice annually. The other donors of prizes which are making the offers for the first time this year will also make similar awards annually.

Weather Forecast

WASHINGTON, Oct. 22.—For Kentucky: Fair tonight and Tuesday; frost tonight. Slightly warmer in west portion Tuesday.

WOMAN'S CLUB WORK OUTLINED

Attractive Yearbooks Announce All Committees—First Meeting Today

Attractive yearbooks of the program proposed by the Woman's Club during the coming year have been sent out to all members. The meeting this afternoon will explain this program and lay plans needed for its fulfillment.

Mrs. D. G. Hinks is again president of the club, Mrs. J. T. Alderson is first vice-president, Mrs. H. H. Saunders is second vice-president, Mrs. Hugh Allen is secretary, Mrs. J. M. Miller, is corresponding secretary, Mrs. E. A. Rhoter is treasurer and Mrs. R. K. Judy is auditor. Chairmen of sections follow: Economics, Mrs. Helen Forrester; Philanthropy, Mrs. E. S. Helburn; American Citizenship, Mrs. C. K. Brosheer; Education, Mrs. F. C. Granda; Music, Mrs. D. W. Semers.

Standing committees follow: Program: Mrs. E. S. Helburn, Mrs. D. G. Hinks, Mrs. Helen Forrester, Mrs. C. K. Brosheer, Mrs. Helen Forrester, Mrs. F. C. Granda and Mrs. D. W. Semers.

House committee: Mrs. Ed Hoe, Mrs. H. H. Saunders, and Mrs. A. B. Miller.

School committee, Mrs. Helen Forrester, Mrs. Ray Moss and Mrs. P. T. Colgan.

Hospitality committee: Mrs. W. R. Pool, Mrs. Wilbur Hollingsworth, Mrs. W. E. Eakins, Mrs. W. F. Jordan, Mrs. Shultz Gibson, Mrs. J. P. Edmonds, Mrs. Louise Henritze, Mrs. W. D. Pankhurst, Mrs. C. W. Bailey, Mrs. W. D. Morch, Mrs. E. P. Nicholson, Mrs. J. C. Burke, Mrs. Earl Camp, Mrs. W. B. Hawkins, Mrs. H. H. Overton, Mrs. J. R. Callison, Mrs. O. B. Hollingsworth, Mrs. F. M. Gordon, Mrs. O. R. Austin, Mrs. H. C. Williams, Mrs. D. Z. Gibson, Mrs. J. S. Wright and Mrs. C. A. Blackburn.

Ex-service men, Mrs. L. D. Reuser, Mrs. J. R. Hoe, and Mrs. T. T. Gibson.

Child Welfare, Mrs. M. G. Hubbard, Mrs. William Caskey and Mrs. F. R. Wealin.

Motion pictures, Mrs. John Surman, Mrs. John Chesney, and Mrs. P. M. Parsons.

Community service, Mrs. F. P. Scales Mrs. H. E. Verran, Mrs. O. O. Stone, Mrs. G. C. Woods, Mrs. J. M. Rogan, Mrs. Homer Hoe, Mrs. C. L. Keegan and Mrs. H. R. Chandler.

Council, Mrs. J. T. Alderson, Mrs. J. R. Sampson and Miss Marguerite Atkinson.

Library, Mrs. J. T. Alderson, Mrs. Helen Forrester, Mrs. F. D. Hart, Jr., Mrs. H. H. Saunders, Mrs. E. S. Helburn and Mrs. L. L. Robertson.

Red cross, Mrs. R. L. Maddox and Mrs. F. D. Hart, Jr.

Grace Nettleton Home, Mrs. Helburn

Night School, Miss Bessie Edwards.

Girl Scouts, Mrs. H. H. Saunders, Mrs. W. C. Stair and Mrs. T. T. Gibson.

Community Chest, Mrs. Hinks.

Press and Publicity, Mrs. Warren P. Rash, Miss Della Richards and Miss Ruth Moore.

Meetings are held every second and fourth Monday, at 3 p. m.

Back from Amra Grotto

Andy Moyers and Tom Yarber have returned from Erwin, Tenn., where attended a big Amra Grotto ceremonial in which 180 candidates were initiated. About 500 members of the order from Kentucky, Tennessee and other places were present. The Amra Grotto band of Knoxville which was in Middlesboro recently furnished the music.

FIVE KILLED AS TRAIN STRIKES AUTO SUNDAY

Man, Wife, and Daughter, Two Ministers Killed Outright Another Probably Fatally Injured

WERE RETURNING FROM REVIVAL MEETING IN MEMPHIS

Associated Press

MEMPHIS, Tenn., Oct. 22.—Rev. P. F. Lucas, 40, his wife and infant daughter of Winfield, the Rev. William J. Otts, 45, of Sulligent, Ala., and the Rev. Max Hankins, of Fulton, Miss., were killed Sunday by a train which struck their automobile near Winfield. B. A. Carter and the Rev. Owens, of Newton, Miss., were injured, the latter probably fatally. The party was returning to Winfield after attending a revival meeting.

AGED FARMER KILLED WHEN TRAIN STRIKES AUTOMOBILE

Associated Press

BOWLING GREEN, Oct. 22.—John Greer, 76, retired farmer was killed by a freight train at Rocky Hill, 14 miles north of here today, when his automobile went dead at a crossing. Tom Hubbard, 55, and Fred Edmonds, 25, also occupants of the car, were seriously hurt.

G. O. P. WOMEN CAMPAIGNERS HERE

Miss Wickcliffe, Republican Nominee for Secretary of State, Mrs. McKenzie Moss Tour Section

Miss Eleanor Hunt Wickcliffe, Republican nominee for Secretary of State, and Mrs. McKenzie Moss, of Washington, D. C., wife of the assistant secretary of the treasury, spent last night in Middlesboro, pausing in their tour of the mountains in the interest of the Republican state campaign. They spoke Saturday in Cardinal and Hulen and went on from here to Barbourville.

These two women are making a very courageous tour through this section, visiting some of the most out-of-the-way places in the Eleventh District in their endeavor to interest the voters in the election. They are speaking only to women, bringing to the mountain women in particular the importance of voting, and, for them, of voting the Republican ticket. They were in the Harlan district last week, though they did not speak in Harlan city, the meeting being called off because of the big Baptist revival meeting in progress there.

"I am very much interested in the mountain people," Miss Wickcliffe said, telling of their travels. "I find here much more innate intelligence than in sections where the women have so many more advantages. The people in these mountains deserve a lot more than they have ever received—or ever will receive from the Democrats." Miss Wickcliffe is a great granddaughter of Chas. A. Wickcliffe, once Democratic governor of Kentucky, and a cousin of J. C. W. Beckham, one the Democratic governor and later Senator from Kentucky, but for all that she is an ardent Republican.

Mrs. Moss, too, is an enthusiastic Republican, and she left her pleasant home in Washington to come to Kentucky and campaign for the party and her friend, Miss Wickcliffe. They have spoken outdoors, in schools and picture shows, in stations and various other places. Both of the women were enthusiastic in their expressions of delight over Middlesboro.

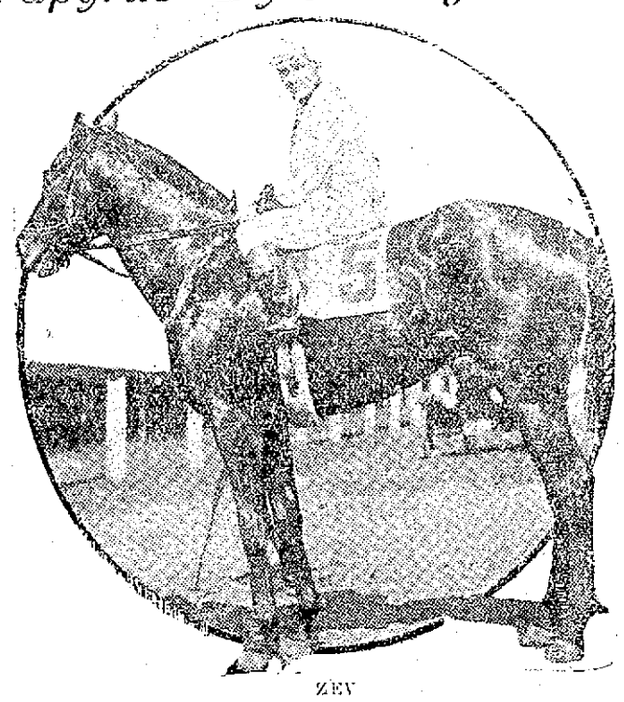
TRIAL ON TODAY IN PARSONS MURDER

Jerry Reed, Negro, Former Convict, Tried for Brutal Crime in September, 1920

Associated Press

RICHMOND, Ky., Oct. 22.—Selection of a jury to try Jerry Reed, former negro convict, on charge of murder in connection with killing Miss Lura Parsons, Pine Mountain school teacher, in Harlan county in September, 1920, was made this morning. Reed was a member of a crew working on a road in the mountains at the time she was killed.

American Zev Beats English Papyrus By 6 Lengths Sat.



ZEV

Zev, of the Rancocas stables, son of The Finn and Miss Kearney, scored a smashing thoroughbred victory for America Saturday afternoon, conquering Papyrus, the English Derby winner, by a decisive margin of six lengths over the mile and a half Belmont course. Zev sprang into fame as the winner of the Kentucky Derby and has been undefeated ever since.

With Zev's sensational victory went $80,000 of the $100,000 purse for which the classic was fought and the crown of three-year-old champion of the world, at stake for the first time in one of the most colorful spectacles American turf history has ever known.

A vast throng of 60,000, the largest in Eastern track annals, gathered at this picturesque Long Island setting in expectation of a terse duel for thoroughbred laurels.

COAL MINED BELOW PRODUCTION PRICE

Northern Representative Is Gloomy in Predicting Present Outlook for Industry

Coal is now being mined at prices below production costs and as a result of this many mines over the country are closing down, according to H. M. Stone, Michigan Log Mountain Coal Company representative who is in Middlesboro today on business. Mr. Stone is intouch with hthe production and sales end of the industry and is in a position to speak with some authority on the subject.

The supply at present is greatly in excess of the demand and much coal has been placed on the market recently to save demurrage charges. Many of the large users of coal have bought large quantities of the fuel during the summer months and the season has not sufficiently advanced to greatly increase the demand for domestic coal. These conditions make the outlook for the industry rather gloomy at present.

Operators are striving to hold the market prices at their present level. These are $1.25 to $1.50 for run of mines; $2.75 to $3 for egg coal; and $3.25 to $3.75 for block coal.

J. WILL TAYLOR SPEARS JUNCTION TONIGHT FOR DAWSON

The Hon. J. Will Taylor, congressman from the Second Tennessee District, will speak at the Howe-Lambert garage at the Junction at 7o'clock tonight in the interest of Charles I. Dawson, Republican candidate for governor of Kentucky.

Congressman Taylor is well known here having spoken in Middlesboro on former occasions. He is one of the most prominent Republicans in Tennessee and has recently been mentioned in that state as a possible candidate for the vice presidency in the 1924 campaign. He is an able speaker and is certain to make an interesting and stirring speech in the interest of his party.

COUNCIL TO DISCUSS STREET CLEANING MACHINES TONIGHT

The proposition of providing street cleaning equipment for the city will be discussed at the meeting of the city council tonight, according to Mayor J. H. Keeney. Plans have been considered for purchasing a truck for hauling dirt and garbage from the streets also a flushing machine. It is not probable that the latter will be included in the equipment now under consideration.

Estimates of the city engineer for the construction work on four blocks of Gloucester avenue will also likely be considered.

Eugene Brown to Knoxville

Mr. and Mrs. Eugene Brown are moving to Knoxville today. Mr. Brown is to be manager of the recently organized Nicholson-Davis-Brown automobile sales company there.

ORGANIZE TO DRILL FOR OIL

Middlesboro Oil Company Formed by F. S. Lee, J. H. Walker and C. W. Ross

The incorporation papers of the Middlesboro Oil Company were prepared Saturday and signed by the incorporators, F. S. Lee, J. H. Walker, of Middlesboro, Ky. and C. W. Ross, of Winchester, Ky., and have been sent for recording at Pineville, and from thence to the Secretary of State at Frankfort, Kentucky for the issuance of a Charter.

Mr. Ross is an oil well driller of 43 years' experience in the oil business which has extended over 36 states, and he feels enough confidence in the prospects of oil in this vicinity that he is taking a large block of stock of the oil company.

The company has a lease of 4,000 acres from the American Association, Incorporated, just north of Middlesboro, on Lick Fork and Four Mile creeks. Lengthwise of this lease there is a well defined anticline, which structure is a necessary feature for the accumulation of oil.

The well to be drilled will have a depth of possibly 2,500 feet, and will penetrate all the known large oil and gas producing measures in Kentucky.

There will be a limited amount of stock that will be sold to Middlesboro investors as soon as the charter is obtained.

FOUR FILE FOR SCHOOL BOARD

McGilvray, Rogan, Colgan and Baker Candidates For Position

Petitions have been filed for the four vacancies which will exist on the city educational board at the expiration of the present two-year terms by J. H. McGilvray, J. M. Rogan, P. T. Colgan and R. W. Baker. The first three are at present members of the board, their terms expiring early in November. The fourth vacancy was created by the removal of W. L. Shelton to another town. The candidates will be voted on in the general election November 6.

It has been the wish of leading school patrons that the personnel of the school board remain intact as much as possible as the men now in office have rendered efficient service and to elect new board members might mean an impairment of the school system. Members who were elected for four year terms are: Dr. C. K. Brosheer, W. S. Anderson, H. A. McClung, F. D. Hart, Jr. and R. L. Lyons.

Little Girl Fractures Arm

Glenna Wright, small daughter of Henry Wright, suffered a fractured arm while playing on the school ground this morning. She was sent to the Brosheer-Brummett hospital where medical aid was administered.

GASTON MEANS INDICTED ON FOUR CHARGES

New York Man, Once Held as German Spy Again for Murder, Accused of Dry Law Violation and Defraud by Mail

HELD WITH SECRETARY IN HARRODSBURG ROBBERY

Associated Press

NEW YORK, Oct. 22.—Gaston B. Means, former agent of the department of justice has been indicted with Elmer Jarnecke, described as his secretary, on four counts, involving an alleged conspiracy to violate the country's dry laws and using the mails in a scheme to defraud.

Means has been a prominent figure since early days of America's entrance into the war, when he was reported as a German government employee. In September, 1917, he was alone with Mrs. Maude, King, a wealthy Chicago woman, when she was killed near Concord, N. H. He was exonerated in that tragedy.

One indictment charged Means and Jarnecke with a plot to remove twelve to fifteen thousand barrels of whiskey from the old Sweet Springs distillery at Harrodsburg, Ky., Another indictment charges using the mails to defraud Sam Schmidt of Chicago of $75,000 in a whiskey selling deal. Schmidt was led to believe, it was said, Means through his government emploment could secure the removal of whiskey at Harrodsburg and make indirect delivery to Schmidt.

KENTUCKY'S ONLY ACE IS HERE WITH "POWDER RIVER"

Col. Jesse O. Creech, Kentucky's only ace in the World War, is in Middlesboro today in the interest of Powder River, the official war department film the showing of which at Manring Theatre tonight he is overseeing. Creech was born in Harlan, and though a native of this section, now makes his home in Lexington.

Creech has an exceptional war record, having brought down seven German airplanes himself. The Quentin Roosevelt Squadron, of which he is a member, is shown in action in the picture tonight. Col. Creech was awarded the Distinguished Service Cross. He also wears the Flying Cross, the highest decoration conferred on an American aviator by the British government, for service in the British air force, which he entered as a volunteer, before the United States entered the war.

MARSEE HOME AT FERN LAKE BURNS SATURDAY

The residence of J. F. Marsee at Fern Lake was destroyed by fire at 10 o'clock Saturday morning and all the household goods with the exception of a trunk containing clothing were lost. The damage is estimated at $2500 or more and no part of it was covered by insurance.

The fire originated from sparks from the grate. Though members of the family were in the house at the time, the flames had gained such headway at the time the fire was discovered that efforts to save the property were in vain.

KINCHELOE WILL SPEAK TONIGHT

Address at Square or City Hall in Interest of Democratic Campaign

Hon. David H. Kinchelue, Democratic congressman from the Second District, will be in Middlesboro tonight, in the interest of the Democratic campaign in Kentucky. He will speak at the National Bank corner if the weather permits and in the courtroom of the city hall if the weather is bad. The time will be 7:30 o'clock. Mrs. W. E. Gann will be chairman of the meeting and will introduce the speaker.

Congressman Kincheloe is one of the foremost orators in Kentucky and is a speaker of national note. He has served in congress 12 years, succeeding Senator A. O. Stanley. He made a particular record in the war for his stand behind President Wilson on every issue.

Mr. and Mrs. J. L. Baird of Fork Ridge were in Middlesboro Saturday.

Miss Adele Murrelle of Harrogate was shopping here Saturday.

Bob Ralston of Fork Ridge was here Saturday.

A THOUGHT

Woe unto them that are wise in their own eyes, and prudent in their own sight.—Isa. 5:21.

He who thinks he can find in himself the means of doing without others is much mistaken; but he who thinks that others cannot do without him is still more mistaken.—La Rochefoucauld.

M. H. S. FOOTBALL TEAM WINNER

When our football team came home from Harlan Friday night with their four consecutive scalp taken this season hanging at their waist, Middlesboro was awakened to the fact that we have for the first time in the history of local athletics, a winning football team. For here is the season, almost half over, and Middlesboro not only has no defeat to date, but has none in sight.

Credit for the team goes primarily to the team and their splendid coach but secondary credit, it must not be forgotten goes to the board of education and the people of Middlesboro who made athletics possible. Because of the hand that almost every citizen had in this, through the Community Chest, the football team belongs to the public and pride in the team's accomplishments is publicly shared.

At the beginning of the season we heard lamentations for the good men on last year's team who were gone, and such things. But when we saw the boys buckle down to work, rigorously keeping training to the letter of the law, we were impressed. When we saw the boys on the second team coming out to pratice night after night, even when they knew they had no chance for the first team we were pleased and knew that Middlesboro had material in the making for football teams in years to come. And when, with each succeeding game Middlesboro has made a better showing and played a better game, our pride and satisfaction in these boys was unbounded and our growing confidence in them was established.

Let us be loyal citizens, be unstinted in our praise and encouragement of these boys who are working so hard to put Middlesboro on the football map. And let us not forget, in our praise and encouragement, Coach Kilpatrick, who has been throughout the season the influence which has guided these boys to the ground they now occupy.

TOO FEW IN STRIPES

The arrest of eleven men in New York on charges by Government agents that the accuser have been in conspiracy to bribe dry enforcement officers is suggestive. The first thing suggested is that bribery might be suspected whenever and wherever the Eighteenth Amendment is as openly violated as it appears to have been violated in New York City. The second suggestion would be that if the accused persons are guilty they be sent to prison.

It is said that the briners have had $3,000,000 at their disposal and that in one case a bribe of $1,500 a week was paid. It is apparent from this that the infliction of fines would not meet the demands of justice. The persons who raised money for bribery purposes would willingly raise it to pay fines. They would look upon the payment of fines as a sort of installment on license to continue violating the law.

The ends of justice demand that more persons engaged in violating the prohibition law shall wear striped garments. If there are very many such violations now in prison, the public is not aware of it. The popular impression is that the bootlegger

When it has jail sentences it becomes a less inviting venture from the viewpoint of the average venturer.—Louisville Times.

THE OPEN FORUM

Ballots Not Printed Right

Editor Daily News:—

Some of the ballots in Saturday's primary were not printed as required by law. Some one is accountable for this fact, the statutes say, specifically, that the names of candidates for commissioner (and school trustees) must appear in alphabetical order on the ballot as the first 30 are printed when the last name shall be shifted to first place—the others to remain alphabetically. This does not account for the fact that on ballots where Mr. Allison's name came first, Mr. Evans' name was second, and Mr. Cooke's name was sixth.

This error should not be permitted to appear on the ballots for the November election.

ONE VOTER.

Girl of 12 captured three Cleveland robbers. First thing you know she will have a husband.

Bryan's all right. He's a good fellow. Just mad because the banks don't close on his birthday.

Other people are talking against Bryan. They make him angry, but never speechless with rage.

Well, plans are all fixed for an 80-story building in New York, where rent is that high.

Was Different Then

Sales Manager (somewhat angrily)—Who put those flowers on my desk?

Filing Clerk—The boss, sir, the president.

Sales Manager (very meekly)—Awfully pretty, aren't they?—Keystone.

HOW CAN A POOR MAN GET AHEAD?

The Tale of the Luckless Band and the Business Woman Who is Seeking a Mate for Life

A business woman, formerly a school teacher but now employed in the offices of a large publicity utility company, gave her experience as a small investment to be the fifth in this series showing how average, everyday folks can get ahead.

"I bought Liberty Bonds during the war, $100 of every issue," said the business woman. "Somehow I thought so much of them I couldn't bear the idea of sacrificing them for a fur coat or a trip to California, as some of the other girls in the office did. But after I had them paid for I ceased systematic saving. I put away a few dollars only when I didn't want anything very badly or had earned extra money.

"Even haphazard and meager savings accumulated $301 in three years. I hadn't thought much about investing it until a salesman for automobile stock tried to interest me. This stock was $10 a share. I didn't like because that salesman was the same man who had taken the first $50 I ever saved. He gave me another kind of automobile stock for it, after he had shown me how rich I would be if I could have put $50 in the General Motors, Ford or other automobile business. My $50 of stock had paid one dividend, $5 and then hit bottom. I lost $50, and all my dreams of a safe, 10 per cent investment.

"Somebody suggested putting my $300 into bonds. Probably I am stupid, but it never occurred to me that ordinary folks could buy bonds, except Liberties, perhaps. I spoke to the boss. He referred me to an established investment banking house. They told me I could buy a $500 bond by paying down my $301 and then $20 for nine months and about $15 the tenth month. In less than a year the bond was all mine and now every 15th of March and September I clip a coupon from that bond and get $17.50 real money for it.

"I figured out the other day that when that bond matures in 1942 it will have paid me $700 and will still be worth $500. And if something dreadful should happen I can take that bond to the bank and get money on it. I am saving $25 a month to get a companion bond. It's lonesome."

Mighty Good Remedy

If your brains won't get you into print, just sign a patent medicine testimonial and grab off some publicity for your stomach.—New York Tribune.

The Tattler

AN INTIMATE STORY OF INNERMOST EMOTIONS REVEALED IN PRIVATE LETTERS
Copyright 1925—NEA Service Inc.

NOTE BY SPECIAL MESSENGER FROM WALTER BURKE TO MRS. RUTH ELLINGTON

Dearest Ruth:

I know when I am beaten. The moment I saw Leslie Prescott enter the restaurant I knew it was all over with me.

Ruth, I have loved you. I do love you just now, for by it I feel that maybe I could bring a little happiness into your embittered eyes. I would not have proposed the trip alone. But I knew you would never have been so good under the circumstances.

Your Parisian jaunt, and subsequent would have movie. Regret nothing and Joy that you might remain unexploitedly from reminiscence.

I am sailing to-morrow, Ruth, dear. It was selfish of me to want you to know you could come to me in honor. Go back with Leslie, Ruth, and free yourself from that cur who never appreciated you.

In a year I will come for you. It is very probable that you will hear from me from time to time, but whether you hear or not, remember that perhaps the one decent thing in all my life has been my love for you.

Enclosed please find the tickets. The train goes at eight o'clock sharp.

I'm glad you are a friend of Leslie's, Ruth. She is a nice little woman. I wonder if you noticed there in the restaurant that she looked troubled in her own account? I hope Jack isn't mixed up with that scoundrelly bootlegger of yours.

Au revoir, my dear. It can never be really between you and me. I dare not come back even to let you wish me God-speed because, Ruth dear, I love you.

Walter.

Cable From Leslie Prescott to Alice Hamilton

Just discovered pearls are real. Do you know anything about them? I am very much mystified and very much worried. Cable at once if you have any information whatever.

Leslie.

Telegram From John Alden Prescott to Sydney Carton

Think I saw Jack aboard. Leslie on way to her pater. Will surely bring back the money. I need not tell you that if I get out of this, never again for me, dear boy, never again for me.

Jack.

Telegram From Sydney Carton to John Alden Prescott

Congratulations. Call me up first row right. Think I will have some interesting news for you.

TOMORROW: Leslie Prescott writes another secret letter—Ruth abandons the hands.

She Loves Golf

Young Matt About Town—Is your boss hard to work for, Sadie?

Sadie, The Stenographer—He used to be terrible, dearie. He'd always put in ten hours a day at the office, but somebody started him playing golf. Call me up any afternoon.—Printers' Ink Monthly.

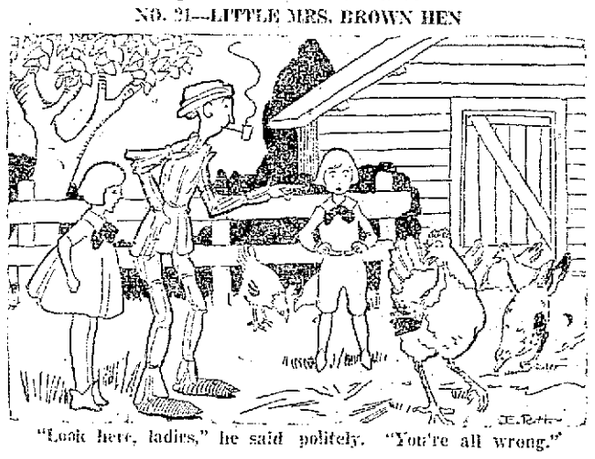
Heads Up

London—A new cork hat, as a rival of the old bowler, has been introduced by a West End London dealer. It is guaranteed to be light, waterproof and warm.

Adventures of The Twins

By Olive Roberts Barton

NO. 21—LITTLE MRS. BROWN HEN



"Look here, ladies," he said politely. "You're all wrong."

"Come here!" beckoned Mister Dodger to the Twins. "What do you make of this?"

Nancy and Nick crouched down beside the fairyman where they could see and hear, but where they could not be seen themselves.

But they need not have been afraid, for the chickens were having an argument, and when people are trying to show that everybody else is wrong and nobody is right but themselves, they don't bother much about outsiders.

Mrs. Buff Orpington was speaking. "Why all you've got to do is to ask Farmer Brown," she cackled. "He had me at the County Fair in a cage with wire over the front, with a card on it that told all about me. I'm the finest hen on the farm. My ancestors date back as far as the first hay stack in the county and my blood is as pure as rinse water on washing day."

"Oh goodness!" cackled Missez Plymouth Rock. "Blue blood! My goodness! Didn't my ancestors come over in the Mayflower and land at Plymouth Rock! Don't talk to me about blue blood!"

"Speaking of blood," put in Missez Bantam. "My great grandfather was the most famous game-cock in America. He won the biggest cock-fight ever held on this side of the ocean."

"Humph!" sniffed Missez Black Minorca. "That's something to be ashamed of, not proud of. I shouldn't boast of it if I were you, Missez Bantam. But they do say that small peopeople are always talking of their own importance. You'd make pretty poor picking when it came to a meal."

Missez Rhode Island Red spoke up majestically at this:

"Yes, I should say so: When it comes to showing one's board and keep, I flatter myself that I have some meat on my bones. Besides my eggs are larger and finer than any in Squealy-Moo Land. I have heard Farmer Brown say so, and besides I have eyes in my own head!"

"Well, of all things!" put in Missez White Leghorn. "As though I didn't have the record for laying!" White Leghorns are the best laying hens in the world."

At that minute Mister Dodger stepped into the circle and pointed to little Missez Brown Hen, who had no name at all, and hadn't said a word.

"Look here, ladies," he said politely. "You're all wrong. Here is the Champion Egg Layer of Squealy-Moo Land! She's too modest to boast, but she hasn't missed a day since last Christmas and she has no ancestors to speak of, either. She eats less and works harder than any one I know."

And what do you think, my dears? Those hens all crowded around and apologized. They were kind-hearted in spite of their foolishness.

(To Be Continued.)

Berton Braley's Poem

THE TOURIST

The much-traveled lady was talking about
The various parts of her tour:
"The Rockies?" she said, "I am rather in doubt!
We crossed through some mountains, I'm sure.
But what was the name of the mountainous ridge
We saw, I can't seem to recall.
Some people I met played such marvelous bridge
I scarce looked at mountains at all!

Yosemite Valley? Oh gorgeous, indeed,
So wide and so splendid and bare!
And Lake? Well, I didn't pay very much heed,
For when I was barring up there
We were in discussions the right suits to hold,
And how one should play every hand!
I learned a whole lot about bridge; yes I did.
The scenery? Er—it was grand!"

Yosemite, Royal Gorge, Grand Canyon, too,
The desert, the mountains—we find
She glanced at them all, but there isn't a clew
That she can recall to her mind.
She really knew just as much right at the start
As when from her trip she returned,
She has no impressions she can impart—
But think of the bridge she learned!

Useful, at That

Department Head—We'll have to stock that salesman. He's asleep most of the time.

General Manager—No, don't fire him. Send him up to the clock department. We can demonstrate alarm clocks on him.—Wall Street Journal.

Where's Her P. A.?

Theatre Manager—Where did you keep this diamond tiara you say has been stolen?

Leading Lady—In the box with the rest of my jewelry.

Manager (indifferently)—What's it worth?

Leading Lady—Oh, about a column and a half, I should say.—Sydney Bulletin.

All the ball players who won for New York have left for their homes in other towns.

A PLEA FOR GROWTH

Let me grow taller with the years,
Above the petty things of pride;
Let me look out and far and wide
Beyond the underbrush of spite,
The bickerings over wrong and right,
The little meannesses of life,
The loss or gain of selfish strife,
And let me see when I grow tall
High purpose glowing through it all.

Let me grow bigger with the years,
Too big to do the petty thing
Which for advantage leaves a sting;
Too big to sneer at simple worth
And honest toil and gentle mirth;
Too big, no matter where I am,
To try to hold my place with sham;
Too big, if I possess a foe,
To strike at him a cowardly blow.

Let me grow wiser through the years—
Wiser in gentleness and truth,
Wiser in knowledge of the youth.
Wiser in living. Let me learn
That wheresoever I may turn,
Some beauty glows; that wealth nor fame
Cannot surpass an honest name,
And let this growth in wisdom be
Such as to make a man of me.

Picnic at Fern Lake Saturday Night

Miss Mary Yeager and Miss Gladys Johnson entertained with a picnic party at Fern lake Saturday night. The supper was spread at Camp Seldom Seen. Those in the party were: Miss Yeager, Miss Johnson, Miss Mildred Kerr, Miss Frances Fitzpatrick, Miss Mary Skeen, Miss Henrietta Gordon, Hugh Richardson, Kemp Thompson, Aurelius Mitchell, George Callison, Thad Fitzpatrick, Nelson Allen and Mr. and Mrs. Guy Wilson.

Miss Virginia Gunn Hostess

Miss Virginia Gunn was hostess at a Hallowe'en party Saturday evening at her home on Englewood Road. The house was attractively decorated in pumpkins, witches black cats and other symbols of Hallowe'en. Dancing and games furnished the evening's entertainment. Miss Rose Wood, one of the new teachers, assisted Mis Virginia's mother, Mrs. W. E. Gunn, in directing the entertainment. Guests were: Misses Gene Barry, Margaret Ralston, Mary Evans, Kitty Colgan, Henrietta Haynes, Billy Callison, Helen Buchanan, Elizabeth Salmon and Florence Moore, and Graham Short, Walter Chesney, Hutchinson Terry, Fulton Huff, Lawrence Rice, Ogden Huff, George Buchanan, Thompson Bennett, Buster Yeager and Jack Easton.

MOST BEAUTIFUL

Mlle. Sandrini, Parisian girl of Italian origin, is considered by many artists as being the most beautiful model in the world. The photo above explains why.

SHE'S THE BEST IN 400,000

No wonder 13-year-old Theodora Poole of Lansing, Mich., is so happy now. Why, her essay on good roads was selected by the Highway Education Board as the best in 400,000, submitted by school children the country over. She wrote it while living in Pontiac, Wis. And now she goes to Washington, as the guest of the National Chamber of Commerce, and gets a gold watch besides.

Celery

What do you do with the coarse outer stalks of celery?

Consign them to the garbage can with a sigh as worthless?

In order not to repeat flavors, do not serve the cooked dishes the same meal you serve the fresh celery.

Care should be taken that the pieces used for cooking are quite as crisp as those served frish. Crisp in cold water, removing any rust, blanch and drain.

If these suggested precautions are kept in mind when preparing celery you will find that your original purchase answers a two-fold purpose and a delicious hearty vegetable develops from the usual waste included in a bunch of celery.

The recipe for celery soup is not included in these rules as it was used a short time ago. These recipes may be just what you've been wanting. Anyway you will like them.

Celery Sticks

Twelve stalks celery, 1 tablespoon vinegar, 2 tablespoons butter, 3 tablespoons flour, 1 cup milk, 1-2 teaspoon salt, 1-2 teaspoon pepper, 1 teaspoon lemon juice, 2 eggs, fine dried bread crumbs.

Cut celery in pieces four inches long. Let stand in cold water to which the vinegar has been added for half an hour. Drain and parboil them in slightly salted boiling water for 15 minutes. Drain and drop into cold water. Let stand two minutes. Drain and chill. Melt butter, stir in flour and slowly add milk, stirring constantly. Add pepper, salt, lemon juice and one egg well beaten. Set aside until cold. Dip celery in sauce to completely mask them. Let stand until firm enough to handle. Roll in bread crumbs, dip in eggs slightly beaten, roll again in crumbs and fry in deep hot fat. The fat should be hot enough to brown an inch cube of bread from the soft part of the loaf in 60 seconds.

If the celery and sauce are prepared in the morning the dish is easily and quickly finished at dinner time.

Celery au Fromage

Three cups celery, 2 tablespoons butter, 1 tablespoon flour, 1 teaspoon salt, 1-8 teaspoon pepper, 1-8 teaspoon paprika, 2 tablespoons grated cheese, 1 teaspoon lemon juice, 2 tablespoons minced parsley, 1 pimento.

Cut celery into inch pieces and measure. Drop into slightly salted boiling water and cook until tender. Drain. Melt butter in a smooth sauce pan, add celery and stir over a low fire until well coated with butter. Sift over flour and stir carefully to avoid crushing or breaking celery. Add milk, salt, pepper, and paprika and cook until thick. Add one tablespoon cheese and lemon juice. Turn into a hot dish, sprinkle with remaining cheese and brown quickly in a hot oven. Surround with a ring of parsley and drop bits of pimento over the dish.

Celery is often served in a white sauce of toast. This with crisp bacon makes a delicious luncheon dish.

The English make a dish of celery, a little onion, macaroni and white sauce that is unusual and piquant.

The leaves of celery can be easily dried and used to advantage in soup when celery becomes high and scarce.

HOW TO PLANT BULBS

It is well to remember, when planting bulbs fo rthe winter window garden, never to plant different varieties or colors together, for they do not bloom at the same time and the effect is not good as when the color is massed.

The month of October is the time to plant the first bulbs. If other bulbs are planted about Nov. 15 there will be loom in the windows garden from Christmas until April.

The bulbs should be brought from the cellar to the light when they have pushed up an inch or two above the soil.

HER LOVE FOR CHILDREN NEVER LEFT KATY WALSH

Associated Press

BOSTON, Oct. 22.—A char-woman's devotion to children has been revealed through the receipt by the treasurer of the children's hospital of this city of bed bequest of $1,500 to make the lives of unfortunate little ones a bit easier.

Kate Lucy Walsh lost all three of her own children when they were young. Thereafter she devoted her life to making other women's children happier, and in many a household where she was employed her hearty laugh and cheerful outlook on life dispelled momentary clouds.

Mrs. Walsh was more than 70 years of age when she succumbed to pneumonia. Her will made the Children's Hospital her sole legatee and the executor's found that her savings from a life of hard work amounted to the sum which has been turned over to the hospital. Above a little bed in the hospital will be placed a tablet bearing her name.

GERMAN REPORTERS SAD AS CRUISER WASTES BREAD

By Associated Press

DANZING, Oct. 22.—A group of German newspapermen recently visited the United States cruiser Pittsburg in this harbor, and joined in saying the most astonishing thing they saw was the tossing overboard of a quantity of white bread left from the noonday meal of the crew. "It was the first white bread most of us had seen in years," one reporter declared.

None of the visitors wrote much about the cruiser's armament. It was the kitchens, the food and ways of serving meals that held their attention.

Judges Got an Earful

London—A father summoned to court at Pontefract for failure to send his seven-year-old daughter to school told the judges the justice they administered was "Satan's law." He declared he could not obey their mandates. The girl was committed to an industrial school. Whereupon the father declared she was kidnapped.

ROAD CONDITIONS FOR LAST WEEK IN KENTUCKY GIVEN

By Associated Press.

FRANKFORT, Ky., Oct. 22.—Road conditions in Kentucky for the week ending October 20 were announced today by J. T. Madison, office engineer in charge of the Department of State Roads and Charles Zick, Butler, Greenwood, Fallmouth, Cynthiana and Paris to Lexington. *All roads that intersect between Alexandria and Greenwood are* marked by Highway Department detour signs.

The Dixie Highway south of Covington *is under construction.* Local traffic through Florence and Williamstown should detour at Walton. Construction has opened between Florence and Richwood.

Madison County—To avoid construction between Lexington and Richmond southbound traffic should go from Lexington to Pine Grove, Beckerville, Boonesboro Ferry, Red House and Richmond.

Rockcastle County—In going from Mt. Vernon to Lexington, detour one mile beyond Pine Hill. Detour six miles long. In fair condition. Signs at all intersections. Road open between 5 and 6 a. m., 11 and 12m., 5to 6 p. m.

Laurel County—The earth grade just south of Rockcastle river is in good condition for travel except after heavy rains. The waterbound macadam section joining this on the south is in excellent condition. Surface treatment started Oct 15.

Whitley County—The road from Corbin to Williamsburg is being constructed with waterbound macadam. It is open to traffic and in good condition. From Williamsburg to Jellico the graded earth road is in good condition, except immediately after heavy rains.

Boone Way

Knox County—Tennessee traffic advised to go by way of Williamsburg and Jellico to avoid construction and poor detours by way of Barbourville and Pineville to Cumberland Gap.

Grade and drain construction between Corbin and Barbourville. Detour very poor for automobile traffic. Several structures out. Go by way of Woodbine and Dishman Springs.

South to Barbourville rock asphalt on concrete base completed to Flat Lick. This eliminates detours to Flat Lick. One mile south of Flat Lick detour to left. Detour about 1 1-2 miles long. This detour leads back onto main road.

Midland Trail

Going west from Ashland, traffic will find the new penetration macadam between Cannonsburg and the Carter county line in use. Next come one mile of waterbound macadam in good condition, then 11 miles of graded earth road (excellent in dry weather) which ends at Grayson; graded earth from Grayson to Olive Hill; new grade from Olive Hill to Morehead has been opened, a few minor detours still necessary. No more construction until Mt. Sterling is reached. Leave Mt. Sterling over Fog road to Prewitt road. Go south on Prewitt road to Winchester, road in excellent condition. Detour signs at all intersections.

From Winchester through Lexington, Versailles, Frankfort, Shelbyville to Louisville, road is in good condition.

Mayo Trail

South of Catlettsburg to the mouth of Laurel Creek is under construction and impassable. Detour via. Cannonsburg to Laurel Creek. Finished grade to Louisa in excellent condition in dry weather. Construction under way between Louisa and Pikesville not advisable to try to go beyond Louisa.

Pike County —Pikeville-Williamson road open to traffic with exception of about 7 miles that is under construction; old road around construction is passable. Entire road in good condition for dry weather traffic.

Greenup County —Ashland-Greenup road completed to Russell. Can reach Greenup by taking 2 or 3 minor detours.

Lewis County— Vanceburg-Maysville road under construction, extremely rough but can be traveled.

Estill County — Richmond-Irvine road under construction, detour at gates placed along construction.

Powell and Wolfe Counties—Winchester-Campton road under construction between Clay City and Campton. No detours from Clay City to Stanton and points east.

Your Health

Bilious Attacks

In some parts of our country the term "biliousness" or "bilious attacks" has rather a broad and indefinite meaning. More northerly parts of our country employ the term *gastritus and speaking of this toxic* attack in the intestines. In certain low-lying sections, where malaria is quite prevalent, the laymen often confuse the two terms. Many people still believe that it is brought about by a change in the weather, especially from summer to autumn.

In former years, when people were accustomed to use coarse or plain food, troubles from poor digestion and constipation were much less common than at present. Indigestion of some food material, which causes stagnation of the intestinal stream, is the forerunner of a bilious attack.

When digestion goes wrong from overeating or acute catarrhal conditions of the mucous membrane of the intestines, elimination from the body is delayed and the toxic poisons are rapidly absorbed from the intestines. These toxic poisons find their way to the liver and then to the general circulation.

There is headache, loss of appetite and nausea. The tongue is coated, the breath bad and there is pain in the stomach and back. Vomiting of food is followed by that of bilious secretions, there is much weakness and the skin is sallow.

The attack usually passes in a few days, the source of trouble being removed by a purgative and weak alkaline fluids to sooth the irritated mucous membrane of the intestines. Continue light diet for a few days.

To avoid bilious attacks be careful of your food and habits of eating. In other words, avoid indigestion and constipation which induce these attacks by knowing your own system, its condition and requirements.

There is no one diet that will suit all cases. A proper proportion of *fine and coarse foods*, not forgetting the bulky raw vegetables, will usually prevent the bowels from becoming sluggish.

Disease Germs

Micro-organisms of any pathogenic bacteria cause vital disease of many kinds. The germs or bacteria which get into your system are the living plant agents which cause various kinds of poisons to attack and destroy your blood cells and tissue cells. Your ability or strength to ward off or revise these virulent germ poisons by hygienic living conditions, constitute your hold on health.

In other words, you are being attacked almost every minute of the day, by these little germ bandits who try to enter your body and rob you of your health. They thrive in bad drinking water, in polluted soil, in foul air, unclean food, scratches and slight wounds, and through direct contact in what are called the catching and contagious diseases.

To steer clear of their attack, you must be on your guard all the time.

Keep your teeth and mouth clean. The high-powered microscope will show you strange inhabitants. Bathe at least once a week, twice is better and once during some part of every 24 hours will do you no harm.

Choose your food for the best health-building values, within the limits of your purse, not forgetting green vegetables, fruit, milk and its products. Keep your hands clean, when putting anything on your mouth. Avoid coughing and sneezing in public.

Take fresh air and sunlight in large doses, at every opportunity. Do not let garbage or other waste accumulate on your premises, to invite contamination, flies or other vermin, which breed and spread germs.

INSURANCE ENGINEERS TREAT INVENTIONS ROUGH TESTING AUTO PARTS

CHICAGO, Oct. 22.—"Treat 'em rough," is the slogan of the Underwriters' Laboratories here, when it comes to testing the supposed theif-proof, fire-proof or accident-proof devices of fond inventors.

The "rough" includes heating iron safes red hot and dropping them 30 feet onto a pile of bricks, or subjecting a neat little ignition lock to the torture of the middle ages. With the inventor himself it is necessary often to be gentle and tactful in breaking the news that his idea failed. In many cases, the inventors are helped to re-design their appliances on sturdier lines.

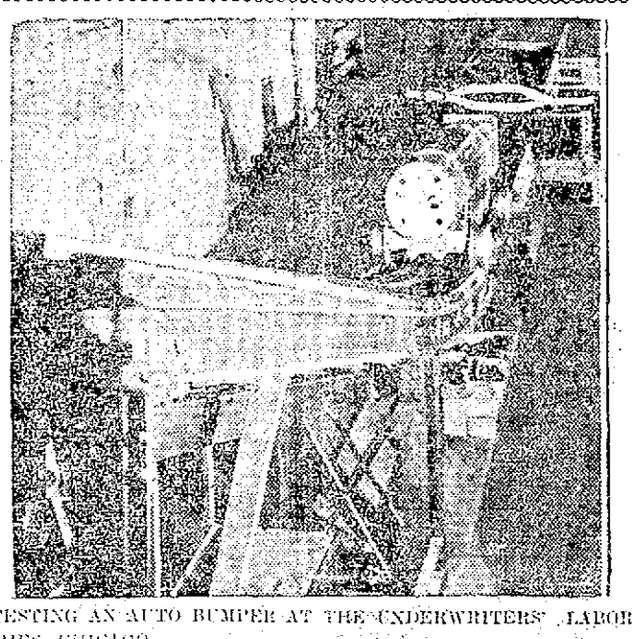
Notice the test for automobile bumpers. Eight or ten are tried out every month. The testing machine is a roller coaster inclined track, bearing 3000-pound car which has a round beak shaped like a section of telegraph pole. A new bumper is attached to a chassis anchored at the lower end of the track.

A cable pulls the car five feet up the incline, and it is released. "Bang" it smashes into the bumper, a gauge methodically recording the dent it produces. There follows a bombardment from 8, 14, 16 and 18 feet.

More Ramming

If the bumper withstands all this, it gets a final ramming from 21 feet if it is for a light car and 23 if for a heavy car. Many bumpers crumble like plaster under the test.

Here is a bumper having an automatic fender to drop when it hits a pedestrian and prevent the wheels from running over him. It is mounted on a car, and on the road ahead is placed "Jimmy," a padded dummy with limbs of oak and joints of iron, the size and weight of a 12-year-old boy.



TESTING AN AUTO BUMPER AT THE UNDERWRITERS' LABORATORIES, CHICAGO.

"Step on the gas, driver."

"Look out, Jimmy, yo'll get hit."

Alas, he doesn't hear. Crash. The little form crumbles. But it is caught on the fender, and the damage from the blow was not increased by a crushing beneath the wheels. The test shows the device is practicable. Now they have to see how the mechanism sustains the running of the roller coaster machine.

A manufacturer drives up with his thief-baffling lock on his own car. He enters the office and brags about it. Five minutes later he takes an engineer outside to inspect it. Behold, a workman tipped off by the engineer has "stolen" the car, breaking the lock, starting the engine an ddriving around the corner.

No Lock Holds

"There aren't any thief-proof locks," says a laboratory engineer. "The best are merely thief retardants. We work on them as intelligent as capable thieves would, using portable tools. If the lock holds 20 minutes it is O. K. Few do on the first test."

Then there are appliances such as ammeters, fire extinguishers and gear locks which may loosen under the bumps of road service. They are placed on the "shimmy table" and given a systematic shaking for a day or a week, the equivalent of thousands of miles of driving. If the vibration loosens the joints, there is more work for the designer.

Mufflers are attached to an engine exhaust pipe, and charge after charge of gas is exploded in them. A ripped muffler is a fertile source of automobile fires. The laboratory soon finds out if a given muffler will hold fast or rip.

Seventy makes of automobiles have been examined by the laboratories. Twenty of the now are given the rating of "Standard Fire," indicating the passage of the highest tests of safety against fire. One manufacturer last year spent $150,000 to rebuild his plant to conform his car to underwriters' standards.

NATIONAL COLONIAL DAUGHTERS OF AMERICA MEET

By Associated Press

CINCINNATI, Oct. 22.—The sixteenth annual meeting of the National Society of the Colonial Daughters of America convened today at Maxwelton, the home of the President General, Mrs. Lawrence Maxwell. An elaborate program has been prepared and Mrs. Joseph Benson Foraker, national chairman of patriotic work, will deliver an address on the Washington Victory Memorial.

The society was first organized in Kentucky and now has state organizations in New York, Pennsylvania, Ohio, Virginia, Colorado, Florida, North and South Carolinia, Oklahoma, California, Vermont, New Hampshire, Missouri, Connecticut, New Jersey, Illinois, Minnesota and Kentucky. Miss Mary Florence Taney, Covington, Ky., is honorary president general and treasurer.

The object of the National Society of Colonial Daughters of America is to "perpetuate in enduring from the memory of the women of the Colonial period from 1607 to 1776, who established homes, founded families, and made sound morals permanent occupants in our country."

Ex-Grid Star is World's Busiest Traffic Cop

CLARENCE J. "BIG TIM" TIMMONS.

PITTSBURG, Oct. 22.—Back of his youth, Clarence J. "Big Tim" Timmons here was a crack luminary of the college gridiron.

Today his star no longer twinkles in the athletic heavens, but there's another on his breast as bright.

For which, if any explanation is needed, let it be known the "Big Tim" is a cop.

However he's of the super variety. *And 'tis said hereabouts that they* broke the mold after pouring Jim out.

No longer does he buck the line in pursuit of the elusive pigskin.

But his football training comes in mighty handy.

For Tim Timmons directs traffic at a street intersection forming pittsburg's busiest corner, and likewise the most traveled spot in the country, according to statistical sharps.

During the past 10 years his whistle has shrieked its "come ahead" and "stop" blasts to an ever lengthening line of vehicles.

Once, he had a semaphore to assist him in his work. But the contrivance took up too much room in the needed space where every inch counts.

Passing autoists hail him by the score. They know Tim stands for law and order, which his commanding presence does little to belie.

By goes the snaky winding line, and from out of it come repeated shouts of greeting.

"Hello, Tim! How are you?" And so on and so forth.

You can take it from police department heads that it takes a real man to handle Tim's corner and not get fussed.

And in the cheerful veteran all concur that a police gem—because Tim's just that they say—has been found.

The other day Tim celebrated his tin anniversary on the force.

He's been a cop 15 years now and likes it.

Tim's Traffic Tips

Keep moving slowly and keep to the right.

Don't stall when ye nare given the signal to go, but get under way and let the traffic behind you move also.

When you have stopped at a street crossing keep your eyes and ears peeled for a signal from the traffic officer and don't talk to persons in the tonneau of your car.

Don't gaze at pedestrians when your car is slowed down and heading into a traffic jam. Keep your eyes on the road and watch for signals.

Don't drive recklessly in front of street cars.

Don't cut corners.

Look out for the jay-walkers.

WIDE CUBAN DOORS SOLVE QUESTION OF KEEPING CARS

By Associated Press

HAVANA, Oct. 22.—There are many strange sights for the tourists to see in Havana, but perhaps one of the most surprising comes when he visits a Cuban home and sees the family automobile sitting in the front hallway.

In all of downtown Havana, with its population of some 400,000, space is at a premium. Streets are narrow and houses are joined together and are flush with the sidewalk. When the automobile came along many families who could afford one did not feel able to pay garage rent, or did not care to have their machine kept blocks or even miles away. Practically all of the front entrances have wide double doors, and so the cars found parking space indoors, usually near the staircase. They can be seen in scores of homes, but the oil cans, extra tires and greasy cloths usually found in an American garage are tucked away out of sight.

DECLARE THAT EUROPE IS THROUGH WITH DUELING

By Associated Press.

VIENNA, Oct. 20.—Pre-war duels in Europe often were serious affairs, but post-war dueling has become largely a farce. Military men have come to a more sane view of the "field of honor," and civil courts are taking the place of meeting at dawn with a brace of seconds and a doctor in attendance.

A farcical duel is reported for Budapest. Both principals were directors of prominent banks. They duly appeared on the field of combat, faced each other, and cocked their revolvers. When the signal to fire was given, one man shot his buller into the ground and the other did not fire at all. Unreconciled, the contestants left the field.

PUBLIC OPINION WILL BRING DRY LAW ENFORCEMENT, GOV. PINCHOT CLAIMS

By Ernest Hunter

WEST BADEN, Ind Oct 22 That the government, with the people overwhelmingly behind it is powerless before a few thousand lawbreakers is unthinkable, said Governor Gifford Pinchot of Pennsylvania in Washington recently, placing prohibition enforcement directly at the door of the White House

But are the people overwhelmingly behind prohibition Or is the fact that they are not responsible for the laws failure—admitted by Governor Pinchot—thus far

Banks on Opinion

I put these questions up to Mr Pinchot, here for the governors annual meeting, in this case preliminary to their conference with President Coolidge relative to the eighteenth amendment and other interstate problems

Yes, he said he believes public opinion is more and more outraged and more and more determined that the law shall be enforced He does not believe public opinion will continue to countenance resistance of the law He does believe it will not always be difficult to enforce the law

Booze vs Theft

'Why,' I asked is violation of the liquor law why is bootlegging in short, harder to suppress for instance than theft or counterfeiting''

That was simple

'Because," said the governor, violation of the liquor law has been allowed to get a greater start

'And why do some people consider themselves justified in breaking the law and buying contraband liquors'

That wasn't so simple even for Pinchot—and he confesses he has given some hard study to the whole prohibition problem

'Heaven knows!'' he said Why some people who claim to be respectable are willing to commit this despicable crime is beyond my comprehension"

The governor blamed politics for the eighteenth amendments failure

How," I asked, does politics clog up the enforcement of prohibition '

Primarily," he answered, 'because of the appointment of enforcement officials not fit for their work

Step by step, I queried, how would you go about enforcing prohibition

He's Silent Now

But Pinchot does not intend to answer that question yet

The only reply I care to make at this time he said, is that every power of the governor of Pennsylvania is being used and will continue to be used to enforce the law

Since his initial plea to President Coolidge, Governor Pinchot has been besieged for further statements on prohibition but aside from this interview and his rejoinder to Governor Allen of Kansas, he has refused

"No Defense"

Will you have more to say he has been asked

Well I dont intend to be permanently silent, answered the governor I dont want to say anything, he explained to me that might be construed as a defense of the former statements I have no defense to make for anything I have said I'll keep silent until I am ready for another formal statement—but I dont intend to be silent forever

Thus in his talk with me he insisted that questions as well as answers appear, that it might be clear he was issuing no statement but only granting an interview

GOVERNOR PINCHOT

DOG AND MASTER REUNITED AFTER LEGAL PROCEDURE

Associated Press

WINCHESTER, Ky, Oct 22—After a prolonged absent that ultimately led to reunion in court Warren Hatton of Mt Sterling and his dog Bruno" have at last returned to their home The prolonged separation took place when a friend of Hattons borrowed 'Bruno' who is reputed to be an excellent coon dog and Bruno becoming dissatisfied with his new quarters, took his departure After some search both his owner and the friend gave up all hope of ever catching sight of Bruno' again

Bruno had wandered away and was found by some lads who lent him to Wilbe Webster of this city The dogs master journeyed over to Winchester to bring Bruno' home

He failed in his first attempt at reunion however, on account of a friendship that had been formed between Mr Webster and Bruno' Mr Hatton then secured the aid of the county court and got out papers for seizure This necessitated the arrest of Bruno The dogs new master gave bond and got Bruno out of the custody of the sheriff and the trial followed

Having admitted Hattons ownership of the canine, Mr Webster set in a claim for Pinnos board bill This claim was cancelled by Judge Scobee and Bruno was restored to his owner They immediately departed for their home in Mt Sterling and it was difficult to ascertain whether or not Bruno' was reluctant to leave, as he was more than unbiased during the trial and seemed content to let the mill of justice take its course

Mrs J R McBrayer of Bulkan underwent a successful operation for appendicitis at the Bloshcer Brummett hospital today
